

Our History...

The Storrs Group was founded in June 2002 by Craig Storrs. Our purpose is to provide quality products and services to our customers at an affordable price.

Craig brought with him 12+ years of experience in the accounting field and 8 years in the Information Technology field.

We require our staff to maintain the highest moral and ethical standards in all of their business activities.

Take a look at our work...

We pride ourselves in providing our customers with quality workmanship and service. We invite you to view some of our current work by visiting our customers' websites.

Website

**Design, Development,
Maintenance, & Hosting**

We provide our customers with affordable website design, development, maintenance, and hosting. Our sites are all created using custom designed graphics.

We research the client's industry in order to recommend the content and appearance of the site, but will design it according to our customer's needs and desires.

We will utilize Swish for custom animations and Adobe Photoshop CS for custom graphics.

- ✦ Statistical information by:
 - Day of the month
 - Day of the week
 - Hour of the day
- ✦ Number of visits by search engine robots/spiders.
- ✦ Visit duration
- ✦ Number of times each page is visited
- ✦ Operating system and browser used by visitors
- ✦ Key words & phrases used to find your site.

What makes our web design, development, & maintenance so affordable?

We identified the need to provide affordable web design, development, & maintenance for the small to mid-sized businesses and non-profit organizations. To meet that need, we utilize Microsoft Expression Web, Swish, and Adobe Photoshop CS as our development tools. These tools allow us to provide quality websites in a shorter period of time.

We will research your industry and prepare a recommendation based on our findings. Using that recommendation as a starting point, we will meet with you to refine the proposal and tailor it to fit your needs.

Our websites are expandable. We will work with our customers to provide the website that suits their needs and budget. Over time we can add more pages to the site. You will be charged for the additional pages at our current per page rate. If additional maintenance will be required we will assess that at that time.

What makes our web hosting so affordable?

We have partnered with an organization that is very much in line with our business philosophy. Utilizing their servers, we are able to provide high quality web hosting services at a very affordable price.

Some of the services that are included are:

- ✦ Significant disk space for web and e-mail (1GB or 2GB based on package)
- ✦ Unlimited e-mail accounts
- ✦ All e-mail accounts have webmail
- ✦ Significant data transfer rates (20 GB or 40 GB /month based on package)
- ✦ Free subdomains (15 or 30 based on package)
- ✦ MySQL databases (10 or 20 based on package)
- ✦ Domain parking (5 or 10 based on package)
- ✦ FTP Sub-accounts (15 or 30 based on package)
- ✦ Free FrontPage extensions
- ✦ Spam protection
- ✦ Detailed website statistics
